

Expedition HORIZON

Voyage of discovery
for adventurers
between the ages
of 17 and 30

Are you considering a gap year? Do you need a break? How about being part of the crew aboard a traditional sailing ship !?

You sail, you cook, you fish yourself, you hoist sails and... watch sunrises on the far horizon and take cool pictures of dolphins and the wide ocean around you. On board of the Twister every day will bring new experiences. Five weeks in a row. Only the departure and arrival date is planned, furthermore you will go where the wind takes you.

Do you dare? Totally away from civilization and certainly away from the known world! Aboard the Twister you write your own new chapters of an adventure book. No two days are the same. You can do ecological research, learn new languages, navigate the sea or dive into history ... anything is possible! Of course you also learn about communication, and you learn and participate in sailing! You literally broaden horizons. Our expedition is a true journey of discovery, an inquiry and an adventure!

In any case, you gain experience as a foundation for the next steps in your life. You get to know yourself a lot better: you find your talents and you find your skills. It is a learning environment in a close team, without even reminding you of education at all!

Twister
SAILING

Expedition Horizon 1 departs from Tenerife on January 6, 2020. You make the ocean crossing via the Capeverdean islands to various Caribbean islands and end on February 7 in Tobago. 33 days || 3975 euros
The flights NL - Tenerife and Tobago - NL are included.

Expedition Horizon 2 departs from Tortola on the British Virgin Islands on March 18, 2020. Via Jamaica, Cuba and / or Bermuda you sail back along the Azores to the European coast. You will arrive in Amsterdam on May 1. 45 days || 4725 euros
The flight to the British Virgin Islands is included.

Prices include the food on board that is prepared every day by our own chef.

We use the STO travel guarantee. We support you in collecting the money for the trip. This is possible, for example, via the Dinghy Programm from Windseeker. Look at windseeker.org/dinghy

From the moment you have been registered you are part of the TWISTER community. That means you think about and are involved in the Horizon project.

Do you have any questions or would you just like to chat with us? You can e-mail and call us, or take a look at our website.

Information

Expedition Horizon is for a total of 12 explorers between the ages of 17 and 30. The crew understands sustainability, astronomy and navigation, among other things. And hey know how to support you in your development process. In addition there is the possibility to participate in current European research programs on sustainability themes. You are welcome to take your own self-invented research on board!
